THE CHIEF SECRETARY.

Subject : Exemption from Customs Duty
of a car for street watering
for the Municipal Corporation
of Tulkarm.

I transmit herewith the copy of a letter
..... from the Assistant District Commissioner, Samaria,
regarding the exemption from Customs Duty of a car
for the watering of streets at Tulkarm, purchased
locally.

2. The Director of Customs, Excise & Trade
to whom the matter has already been referred, has
refused to grant the exemption, saying that he was
unable to grant the exemption on goods purchased
locally as the law does not provide for the refund
of duty in such cases.

3. As this car will be used exclusively for
Municipal purposes, I recommend that the Director
of Customs be ~~requested~~ ^{intended} by Government to grant the
exemption applied for.

NABLUS

3rd October, 1935.

District Commissioner,
Northern District,
Haifa.

The Tulkarm Municipal Corporation recently purchased a car for street watering purposes. The Mayor had negotiated with a car agent in Jaffa for the purchase of this car and he intended, after obtaining the consent of the Municipal Council, to place a final order for the import of a new car, which, being intended to be used solely for Municipal purposes, would be imported duty free. Having obtained the approval of the Council the Mayor returned to the agent to find that the agent had already obtained the required car and paid customs duty amounting to LP.50.

2. The Mayor then applied to the Department of Customs for a refund of the duty and meanwhile took over the new car and started using it for street watering in Tulkarm. I attach copies of the replies received from the Director of Customs.

3. I shall be grateful if you will consider taking the matter up with the Chief Secretary for consideration as a special case in accordance with the suggestion of the Director of Customs.
